Can you identify the fractions?

What fraction of this shape is yellow?

What fraction of this shape is yellow?

$$\frac{1}{4}$$

What fraction of this shape is yellow?

What fraction of this shape is yellow?

$$\frac{4}{9}$$

What fraction of this shape is yellow?

What fraction of this shape is yellow?

$$\frac{1}{2}$$

What fraction of this shape is yellow?

What fraction of this shape is yellow?

$$\frac{3}{6}$$

or

$$\frac{1}{2}$$

What fraction of this shape is red?

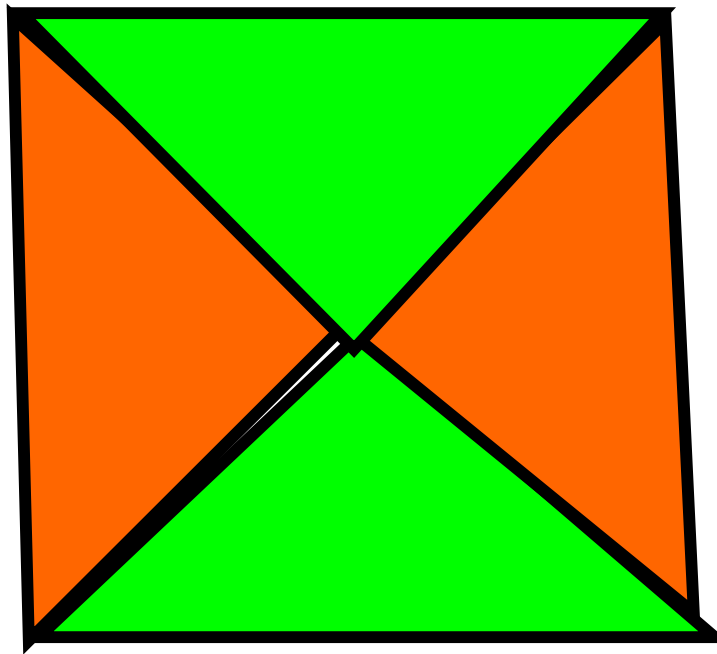

What fraction of this shape is red?

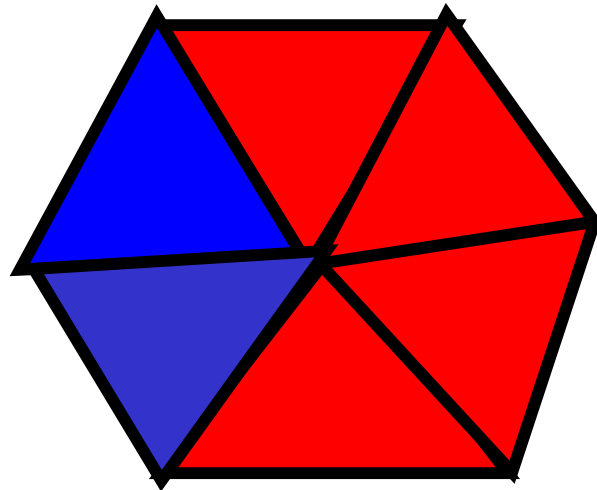

$$\frac{2}{4}$$

or

$$\frac{1}{2}$$

What fraction of this shape is blue?

What fraction of this shape is blue?

$$\frac{2}{6}$$

What fraction of this shape is pink?

$$\frac{6}{12}$$

or

$$\frac{1}{2}$$

What fraction of this shape is purple?

What fraction of this shape is purple?

$$\frac{1}{6}$$

What fraction of this shape is green?

What fraction of this shape is green?

$$\frac{4}{4}$$

or

1 whole

What fraction of this shape is blue?

What fraction of this shape is blue?

$$\frac{1}{2}$$

What fraction of this shape is red?

What fraction of this shape is red?

$$\frac{2}{12}$$
